

Prepare to Compete in Today's New Job Market!

Learn the Essential Ingredients for Alaska's Economic Development!

MASTER OF SCIENCE IN GLOBAL SUPPLY CHAIN MANAGEMENT

- Solve complex problems
- Identify efficiencies
- Add value to your skill set

A new cohort group of the Master of Science in Global Supply Chain Management, limited to 25 qualified participants, will begin in January 2017 and graduate in August 2018. Designed to meet the needs of working professionals, classes will meet four weekends per semester, with additional online and group activities.

Complete application files requested by October 7, 2016.
