¹ Upper or lower-division courses.

² ECON 201 and ECON 202 cannot be used to satisfy the Social Science GER requirement for this degree.

³ No more than a total of 6 credits earned in an Independent Study, or ECON 454 (Economics Internship), may be used to satisfy requirements for the major (6 credits of Independent Study or 3 credits Independent Study and 3 credits of ECON 454).

⁴ For BBA students, COMM A111 or COMM A241 is required for upper-division standing and is a prerequisite for CIS A280.

⁵ Admission to Upper-Division Standing does not waive individual course prerequisites. Visit UAOnline for current course prerequisites.

NOTE: A total of 120 credits is required for the BBA degree. At least 50% of the business credits required for the BBA degree must be earned at the University of Alaska Anchorage. A minimum of 45 upper division credits is required.

A grade of C or better is required for all major requirements.

This is a suggested sequence for taking courses and is not intended to take the place of the program requirements listed in the current UAA Catalog. Please contact your academic advisor for more information.

BBA ECONOMICS

The BBA in Economics gives students a broad-based business background and provides a solid foundation to prepare graduates for careers in managerial and non-profit organizations and government agencies. The major course electives focus on providing a solid business background and the degree program offers a 'big picture' outlook of the different functions of organizations. Economics is often called the “science of choice” based on assumption that we live in a world characterized by limited resources and unlimited human material wants. Economics is the study of how people allocate resources and uses methodologies, models, and theories to help understand, explain, and predict economic phenomena. Economists typically spend a great deal of their time testing models and applying these models to the real world to help predict human behavior.
