<sup>1</sup>General Course Requirements: Students must complete 6 credits from Humanities, Mathematics and Natural Sciences, or Social Sciences from the AAS General Course Requirement Classification List, other than BA 151, ECON 201, and MATH 121/151.

Any English course used to satisfy the Humanities requirement must be different from the Written Communications requirement and have a course number higher than WRTG 111.

<sup>2</sup>Students planning to pursue a BBA degree can maximize transferability of their credits by taking COMM 111 or 241.

<sup>3</sup>Major electives include courses listed below. In addition, certain 100-, 200-, 300-, or 400-level BBA business courses not already applied to the major may be applied here, but by Academic Petition only. Please see your advisor before selecting courses not on this list to see if it is petition-able. No more than 3 credits of internship can be used to fulfill program electives. **Students must satisfy course prerequisites before registering.**

- BA 273 Intro to Statistics for Business & Economics
- BA 295 Internship in Business
- BA 375 Statistics for Business and Economics
- BA 377 Operations Management
- ECON 312 Econometrics for Business and Economics
- ECON 429 Business Forecasting
- Any 300- or 400-level LOG course
- OSH 101 Intro to Occupational Safety & Health
- OSH 108 Inury Prevention and Risk Management
- OSH 250 Hazardous Material Operation
- TECH 295 Technical Internship (1-6)
- TECH 302 Operational Safety and Health

<sup>4</sup>The AAS Written Communication Skills Requirements can be satisfied with WRTG 111, CIOS 260A, WRTG 211, WRTG 212, WRTG 213, or WRTG 214. The option to take CIOS 260A applies to AAS degrees only and will not apply towards a BBA degree. Students planning to pursue a BBA degree can maximize transferability of their credits by taking WRTG 111 and WRTG 212.

**NOTE:** A total of 60-61 credits is required for this associate degree. Students planning on seeking a BBA degree in the College of Business and Public Policy must complete all major requirements with a grade of C or better.

This is a suggested sequence for taking courses and is not intended to take the place of the program requirements listed in the UAA Catalog.

Please contact your academic advisor for more information.

AAS LOGISTICS AND SUPPLY CHAIN OPERATIONS

The AAS Logistics and Supply Chain Operations program enables students to enhance and develop their understanding in the fields of logistics and supply chain operations. Students will build a foundation of knowledge and skills for successful logistics and supply chain operations: information management and customer service, warehousing and inventory control, purchasing and supply chain operations, transportation services, transportation rates, tariffs, and carrier liability.

Meet with your advisor to learn about the AAS Logistics and Supply Chain Operations and employment options in this field.
