ACCT 401 Advanced Accounting ACCT 410 Corp/Partnership Income Tax ** ACCT 430 Governmental/Non-Profit Acct ACCT 409 Individual Income Tax ** ACCT 420 Fraud Examination

NOTE: A total of 120 credits is required for the BBA degree, 45 of which must be upper-division. At least 50% of the business credits (ACCT, BA, CIS, ECON, LGOP and LOG) required for the BBA degree must be earned at the University of Alaska Anchorage. A grade of C or better is required for all major requirements.

This is a suggested sequence for taking courses and is not intended to take the place of the program requirements listed in the UAA Catalog.

Please contact your academic advisor for more information.

Upper or lower-division courses.

² ECON 201 or ECON 202 (not both) may be used to satisfy 3 credits of Social Science GER. The other 3 credits of Social Science GER will be met with completion of BA 151.

Required Accounting electives to be selected from the following list:

^{**} Students may use one for the Major requirement and one for the U/D ACCT Elective - courses may not be used to fulfill multiple requirements

⁴ For BBA students, COMM 111 or COMM 241 is required for upper-division standing and is a prerequisite for CIS 280.

⁵ ACCT 301 and ACCT 302 must be completed at the University of Alaska Anchorage, or another AACSB accredited institution.

⁶ Admission to Upper-Division Standing does not waive individual course prerequisites. See UA Online or the catalog for course prerequisites.

Students are required to complete a minimum of three credits of Alaska Native-Themed GER coursework from the approved GER list. If the course is also categorized as a GER (in a separate category), it can overlap and count for both categories. If this overlap occurs, then for this planning sheet, students will fulfill these 3 credits with an Elective instead (see note 1 above).

BBA ACCOUNTING

Accounting is often referred to as the "language of business," because it communicates economic information to decision-makers. Every business organization, non-profit entity, and governmental agency requires accounting information to operate and perform successfully. The BBA in Accounting gives students a broad-based business background and provides a solid foundation for careers in public accounting, private accounting, and accounting for government or non-profit organizations.

Meet with your advisor to learn about the BBA in Accounting and employment options in this field.
