| AKN GER/Elective⁶ | 3   | _____ | _____ | Elective¹ | 3   | _____ | _____ |
|        | 15  | _____ | _____ |                | 15  | _____ |     |

### YEAR 4

| BA 388 (Glbl Bus Envi) | 3   | _____ | _____ | ECON492 (Econ Research) GER Cap | 3   | _____ | _____ |
| BA 462 (Strategic Mgmt) | 3   | _____ | _____ | U/D ECON Elect³ | 3   | _____ | _____ |
| U/D ECON Elect³ | 3   | _____ | _____ | U/D ECON Elect³ | 3   | _____ | _____ |
| U/D ECON Elect³ | 3   | _____ | _____ | 400-level ECON Elect³ | 3   | _____ | _____ |
| Elective¹ | 3   | _____ | _____ | Elective¹ | 0-2 | _____ | _____ |
|        | 15  | _____ | _____ |                | 12-14| _____ |     |

¹ Upper or lower-division courses.

² A combination of ECON 201, ECON 202, and BA A151 will fulfill the GER Social Science 6 credit requirement.

³ No more than a total of 6 credits earned in an Independent Study, or ECON 454 (Economics Internship), may be used to satisfy requirements for the major (6 credits of Independent Study, or 3 credits Independent Study and 3 credits of ECON 454).

⁴ For BBA students, COMM 111 or COMM 241 is required for upper-division standing and is a prerequisite for CIS 280.

⁵ Admission to Upper-Division Standing does not waive individual course prerequisites. See UA Online or the catalog for course prerequisites.

⁶ Students are required to complete a minimum of three credits of Alaska Native-Themed GER coursework from the approved GER list. If the course is also categorized as a GER (in a separate category), it can overlap and count for both categories. If this overlap occurs, then for this planning sheet, students will fulfill these 3 credits with an Elective instead (see note 1 above).

**NOTE:** A total of 120 credits is required for the BBA degree, 48 of which must be upper-division. At least 50% of the business credits (ACCT, BA, CIS, ECON, LGOP and LOG) required for the BBA degree must be earned at the University of Alaska Anchorage. **A grade of C or better is required for all major requirements.** This is a suggested sequence for taking courses and is not intended to take the place of the program requirements listed in the current UAA Catalog. Please contact your academic advisor for more information.

BBA ECONOMICS

The BBA in Economics gives students a broad-based business background and provides a solid foundation to prepare graduates for careers in managerial and non-profit organizations and government agencies. The major course electives focus on providing a solid business background and the degree program offers a 'big picture' outlook of the different functions of organizations. Economics is often called the “science of choice” based on assumption that we live in a world characterized by limited resources and unlimited human material wants. Economics is the study of how people allocate resources and uses methodologies, models, and theories to help understand, explain, and predict economic phenomena. Economists typically spend a great deal of their time testing models and applying these models to the real world to help predict human behavior.

Meet with your advisor to learn about the BBA in Economics and employment options in this field.

Learn and develop your abilities
- Learn to simplify business problems and to think like an economist
- Understand the links between the business environment and economics
- Acquire strong analytic and empirical tools
- Obtain and analyze data for countries, firms, households, and individuals
- Use theory and data to address important business and economic issues
- Conduct research on economic, business and public policy topics
- Disseminate findings through technical reports or scientific articles
- Write clearly about business and economic issues
- Forecast and predict market trends
- Study the business and socioeconomic impacts of public policies
- Formulate recommendations, policies, or plans to solve economic problems
- Provide advice and consultation on business and economic relationships

Prepare for a professional program
- Master of Economics
- MBA Programs
- Law School
- Any Master’s program emphasizing critical thinking, quantitative, and empirical skills
- Doctoral Programs in Economics

Seek a specific career
- Economist
- Management Professional
- Entrepreneur
- Financial Analyst
- Industry Analyst
- International Business
- Oil & Gas Consultant
- Public Policy Advisor
- Research Analyst
- Environmental Economist
- Educator
- Attorney
