BA 151 (Foundations)	3	_____	_____
Elective <sup>1</sup>	<u>3</u>	_____	_____
	15		

LGOP 160 (Purchasing)	3	_____	_____
LGOP 235 (Transp Ops)	3	_____	_____
BA 231 (Supervision)	3	_____	_____
CIS105 or CIS110 (Cmptr Cncpts)	3	_____	_____
Elective <sup>1</sup>	<u>3</u>	_____	_____
	15		

<sup>1</sup> Electives must be at the 100-level or higher. To maximize the transferability of coursework toward the Associate degree in Logistics, it is recommended that students use these elective credits to prepare for the Written Communications and Math courses required for AAS degree. If registering for the first time in Writing or Mathematics, students must show evidence of appropriate placement. Contact your academic advisor or CBPP Student Advising Center (907-786-4100) for information on Writing and Math placement testing.

**NOTE:** Students must achieve a grade of C or better in all courses required for this certificate.

A total of 30 credits is required for this certificate.

**This is a suggested sequence for taking courses and is not intended to take the place of program requirements listed in the current UAA Catalog. Please contact your academic advisor for more information.**

UA is an AA/EO employer and educational institution and prohibits illegal discrimination against any individual:

## **UNDERGRADUATE CERTIFICATE LOGISTICS AND SUPPLY CHAIN OPERATIONS**

The Undergraduate Certificate in Logistics and Supply Chain Operations program enables students to enhance and develop their understanding and skills in the fields of logistics and supply chain operations. The program is designed for individuals who presently work in the industry and want to advance their knowledge of logistics and supply chain management, but have no prior academic background in the field. The certificate program also provides continuing education opportunities for professionals in the business community. The Certificate in Logistics and Supply Chain Operations fills an educational gap identified by the industry while simultaneously preparing students for further education in the field of logistics. This program leads directly into the Associate of Applied Science (AAS) in Logistics and Supply Chain Operations.

Meet with your advisor to learn about the Undergraduate Certificate in Logistics and Supply Chain Operations and employment options in this field.
