Business Elective ⁵	3	_____	_____
Elective	3	_____	_____
	<u>15</u>		

¹ Students planning to pursue a BBA degree can maximize transferability of their credits by taking **COMM 111** or **241**.

² ACCT 101 and 102 may be substituted for ACCT 201. Please see your advisor for explanation and recommendation.

³ Students must complete 3 credits from MATH 105, 121, 151, 221, or 251 for this program. This will also fulfill the GER requirement for the AAS degree as well, which requires 3 credits from the GER Quantitative Skills list or MATH A105. Students planning on continuing with a Baccalaureate degree in business should continue with their Math sequence. CBPP students should not take MATH 104 and 115, as those are terminal courses and do not fulfill program prerequisite requirements.

⁴ The AAS Written Communication Skills Requirements can be satisfied with WRTG 111, WRTG 211, WRTG 212, WRTG 213, or WRTG 214. Students planning to pursue a BBA degree can maximize transferability of their credits by taking **WRTG 111** and **WRTG 212**.

⁵ Complete **9** credits of Advisor Approved Business Electives (ACCT, BA, CIS, ECON, LGOP, or LOG - any course at the 100-400 level that you meet the prerequisite for and that is not already required for the program). Please see your advisor for recommended business courses that may transfer into a future baccalaureate program.

**This program requires courses be completed with a C or better.
A minimum of 60 credits is required for this degree.**

This is a suggested sequence for taking courses and is not intended to take the place of the program requirements listed in the UAA Catalog
Please contact your academic advisor for more information.

UA is an AA/EO employer and educational institution and prohibits illegal discrimination against any individual:

AAS GENERAL BUSINESS

The AAS General Business degree provides students with a solid business foundation. Students learn to analyze organizations, identify managerial problems, evaluate management environments and create business opportunities. The program provides the student with skills to start a new business and be a more effective entrepreneurial-thinker for business in today's dynamic, global society.

Meet with your advisor to learn about the AAS in General Business and employment options in this field.
