- CIS 495 Systems Analyst/User Support Internship
- CIS 445 Advanced Network Management
- CIS 498 MIS Seminar/Project
- CIS 350 Advanced Web Page Dev for Bus Applications

⁴ A minimum of CIS 489 Systems Design, Development, and Implementation and 9 credits from the major requirements must be earned at UAA.

⁵ For BBA students, COMM 111 or COMM 241 is required for upper-division standing and is a prerequisite for CIS 280.

⁶ Admission to Upper-Division Standing does not waive individual course prerequisites. See UA Online or the catalog for course prerequisites.

⁷ Students are required to complete a minimum of three credits of Alaska Native-Themed GER coursework from the approved GER list. If the course is also categorized as a GER (in a separate category), it can overlap and count for both categories. If this overlap occurs, then for this planning sheet, students will fulfill these 3 credits with an Elective instead (see note 1 above).

NOTE: A total of 120 credits is required for the BBA degree, 48 of which must be upper-division. At least 50% of the business credits (ACCT, BA, CIS, ECON, LGOP and LOG) required for the BBA degree must be earned at the University of Alaska Anchorage. **A grade of C or better is required for all major requirements. This is a suggested course sequence for taking courses and is not intended to take the place of the program requirements listed in the UAA Catalog. Please contact your academic advisor for more information.**
